

## **IREVA JO CO-ED AND MIXED GENDER COMPETITION POLICY**

[Adopted 9/9/2001]

Beginning with the 2001/02 season, two changes in competition policy were adopted that affected tournament sanctioning and participation policy for Juniors. [With the elimination of references to gender from the DCR, these are not considered to be rule modifications.]

- i) 14U boys' teams are allowed to enter and participate in girls' tournaments. A 14U boys' team winning a girls tournament must move to the next higher age level.
  
- ii) 12U teams are allowed to be coed.

Tournament Directors should ensure that all out-of-region teams entering their events are aware of this policy.

Club Directors and team reps should be aware that this policy is specific to IREVA, and may or may not be in use in other regions.
