

**IREVA POLICY - TOURNAMENT REFEREE SUBSIDY**

[ADOPTED 2017-11-17]

In order to encourage Tournament Directors to host more events and keep entry fees down, and in recognition of increasing tournament costs, including Referees, IREVA will subsidize selected tournaments as follows:

- For adults' tournaments, any referee costs exceeding \$250 per court for routine one-day events;
- For juniors' tournaments, any referee costs exceeding \$325 per court for routine one-day events.

Referee costs include fees and mileage/lodging according to IREVA policy, excluding any tips or bonuses.

Tournament Directors should budget their events accordingly. Non-routine events [large, multi-day] should budget to be self-supporting unless other specific arrangements are made in advance as part of the sanction process.

=====

PROCESS: Referee expense information is to be sent with results for each event. Send reimbursement requests to the appropriate Results Coordinator using the Subsidy Request form:
