

Subject: 2010 **ADULT** National Championship Tournament Deadlines

Each Region establishes its own deadline for teams to submit entries to the Region office to ensure that the USAV deadlines are met, and to allow time for the required Regional review / approval / forwarding of entries. The table below lists the deadline dates for entries in the 2010 Adult National Championships (Phoenix, AZ). Detailed instructions for entry procedures are found in the pre-tournament manuals on the USAV website [<http://volleyball.teamusa.org/events/2245>].

Club team entries (AA, A, BB, B) must be sent to and approved by IREVA. Entries for all other tournaments [allowing conglomerate teams] can now be sent directly to USAV.

Any team intending to enter one of these National Championships should have their team representative expedite their registration process by contacting Jim Bishop by e-mail in advance. Note: Team reps should ensure that members are registered and teams set up in the USAV / IREVA member registration system before entering their team in AES and submitting their entry materials.

Questions about the process should be directed to Jim Bishop, Laurie Muollo, Patty Blacklock, or Anna Turner as appropriate.
